## What is Hyzer?

*Hyzer* is a conceptual app that seeks to fill a niche market that exists in Disc Golf. Disc Golf as a sport is largely community driven, to the degree that there is a large number of courses that are undocumented. Hyzer is a digital score card that allows you to play at registered course or even register a new course. In addition, it serves as a news resource.

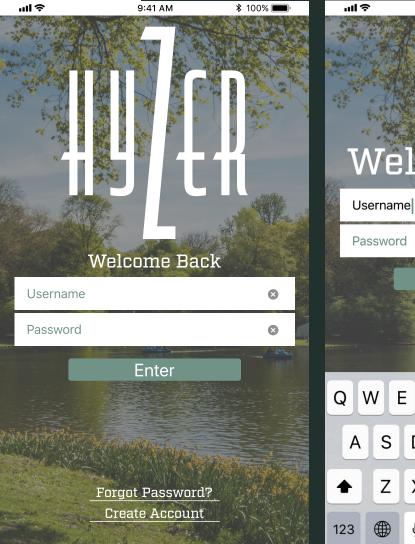

## **Goals of the App:**

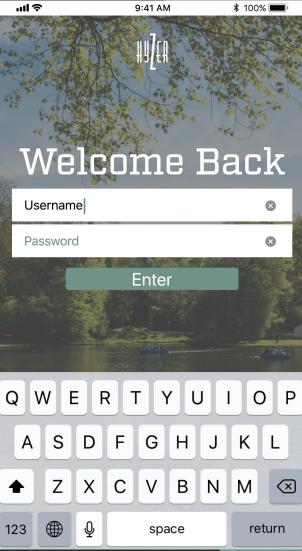

Clean, Accessible Design To Fulfill A Niche Market To Show Understanding of UI/UX Design.
