## Education

### Moravian College

GPA: 3.45

2014 - 2018

**Major:** Graphic and Interactive Design [BA]

**Minor:** Computer Science

*Deans List Student and member of Studio South, a student run, for profit design agency.*

*Member of Delta Tau Delta Fraternity and Kappa Pi, International Art Honor Society*

## Experience

### Certara

#### **Senior Graphic Designer and Digital Producer**

2019-2024

*As Lead Designer at Certara, I directed and implemented all design initiatives across various mediums, encompassing branding, website assets, printed collateral, social media content, and tradeshow booth graphics. I significantly contributed to shaping the company's visual identity through multiple phases of expansion, including its IPO.*

### Wedgewood Communications

#### **Graphic Designer and Developer**

2018

*Working under several art directors I was responsible for design, layout and development for various pharmaceutical campaigns. Projects included print deliverables, email design and web page creation.*

### Imagevolution

#### **Internship: Graphic Design**

2018

*Working Directly under the head designer, I am responsible for the creation of graphics for both digital and physical formats.*

### Celgene Pharmaceuticals

#### **Internship: Graphic Design**

2015

*Worked within the graphics and communications department at their Summit location. My responsibilities included the creation of graphics for both internal and external use. I also helped to maintain and test both the global and local internal/external sites.*

### Studio South

#### **Co-Art Director**

2015 - Present

*Studio South is a student run, for profit design agency that operates on campus. As a full time designer, I am responsible for the creation and attendance of appointments with customers as well as adhering to a tight schedule between appointments. My requirements also include the delegation of work and selection of new employees.*

### Desantis Creative

#### **Internship: Graphic Design**

2013 - 14

*In DeSantis Creative (now known as BRND) I created graphic projects in compliance with the constantly evolving needs of the customers. In order to accomplish this I maintained a rigorous schedule of deadlines, calls with customers and other important time-frames.*
